Product Line up

Complete Digital Imaging Veterinary Solutions

◀ FULL BODY SPIRAL LINEAR CT SYSTEM

- 3D CT mode and 2D scan mode
- High image quality at low x-ray dose
- 23 inch wide bore diameter
- Smaller footprint
- Large FOV
- Superior soft tissue image

myvet CT i3D

INTRAORAL IMAGING

EzSensor Vet
High resolution
intraoral CMOS sensors

MyVet Dent
Dental optimized
acquisition software

EzRay Air Vet
Light-weight
portable x-ray

MyVet Ray W
Wall-mounted
x-ray system

EzRay Vet Cart
Cart-based mobile
x-ray system

MOBILE PANORAMIC X-RAY SYSTEM

- Veterinary specialized panoramic scanning technology
- Smart acquisition software
- 20 sec. full mouth scanning time

myvet Pan i2D

MOBILE DENTAL CT SYSTEM

- Acquisition of distortion-free 3D and MPR (Multiplanar Reformation) images
- Dedicated 3D viewer for vet dental diagnosis
- High-resolution image realization with CMOS sensor

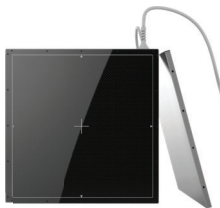

myvet CT D

FULL BODY DIAGNOSTIC DR IMAGING SOLUTIONS

myvet 1717DR W
Wireless DR panel (CsI)

myvet 1717DR T
Tethered DR panel (CsI)

MyVet View Pro
Acquisition Software

myvet table i72+
Elevating X-Ray Table System

myvet table 32+
Fully Integrated X-Ray Table System
